**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose a local competitive wireless service provider because I wanted to be able to walk into an office and talk to the Actual People who run the service: from initial contact to install to follow up questions to problems, as they occur I KNOW who I'm calling, I KNOW who's in the office, they KNOW my street and neighborhood, they KNOW my account and history.
NONE of which I ever got from AT&T.

I strongly oppose the petition submitted by US Telecom that would limit the competition for my wireless service account. I want to keep my ISP, I want to continue to support a small, local business, I want to continue getting the superb response time and level I get to the email, telephone and in-person that I get from my current and I HOPE FUTURE ISP. I can walk right in the office and talk to Real People who run the company, not just employees doing time for a wage who won't be there in 6 or 18 months.

Do not consider the US Telecom Petition.
